

Dear Fellow Citizen,

Edwardsville Unity is a group of individuals and organizations working towards increased unity in our town and beyond. Since 2017, the mission of Edwardsville Unity has been to encourage togetherness and solidarity through education, collaboration and community building activities.

**Unity Fest** will be held 11-4 PM on September 28<sup>th</sup> of 2024 at LeClaire Park, Edwardsville. We are soliciting fellow well-wishers of humanity, both individuals and organizations, to help with the success of this event. Your group has been selected for its unique contribution potential.

This free festival will include a main stage showcasing inspiring speakers and culturally diverse performers. The event will also include family-friendly activities, art projects and age-appropriate lessons on diversity and unity. Interfaith prayers will be shared from a variety of denominations and religions. Additionally, booths throughout the park will feature like-minded organizations sharing information and/or activities.

In an effort to uphold an inclusive spirit, no commerce will take place at the festival. We will rely on your sponsorship to provide free food and non-alcoholic drinks from local minority-owned businesses. Banners, signage, social media posts and volunteer t-shirts will feature the names and logos of our generous benefactors.

Building on the success from the last two years' events, Unity Fest 2024 hopes to bring together as many different faces and voices of our community as possible. We look forward to your participation in this important event.

For more information, please feel free to contact us at your convenience or learn more at [www.EdwardsvilleUnity.com](http://www.EdwardsvilleUnity.com).
